7 July 1965

25 YEAR RE-REVIEW

MEMORANDUM FOR THE RECORD

SUBJECT: Rear View Mirror Proposals

1. During the week of 28 June 1965, it was learned via telecon that the following corporations will not bid on the "Rear View Mirror":

a. Baird-Atomic (They feel an inadequacy in the area of tracking and ranging.)

b. Martin-Orlando (Martin believes they lack in search and track capability as well as possible lack of experience in packaging lasers for airborne utilization.)

c. Northrop (The activity at NSL is rather uncertain. They started a proposal, but decided to drop it because of the receipt of an RFP which had a larger monetary potential. It is believed they cannot comply with our RFP schedule requirements.)

2. A technical proposal has been received from Aerojet-General Corporation. The proposal is now undergoing preliminary evaluation.

3. At present, there are four outstanding RFP's. They concern:

- a. ITTFL
- b. HRB-Singer
- c. Hughes
- d. LAC

These proposals should be forthcoming in a matter of days.
